## COURSE

HR professionals are immersed in a course that takes them through the essentials of identifying the need to improve organizational security and safely protect themselves. CyberSAFE builds on an understanding of how we interact on computers, mobile devices, networks, and the Internet. The course is delivered in a collaborative environment where open discussions are encouraged.

## DURATION

3.5 hours (inclusive of the time required to complete the Certified CyberSAFE credential process).

**\$149 USD**  
PER PERSON

## TRAINING

The CyberSAFE Readiness training enables consultants, members, and employees of any organization to identify many of the common risks associated with using conventional end-user technology.

Delivered in a half-day (3.5 hours) or less, CyberSAFE also prepares learners to earn their Certified CyberSAFE credential.

HR Girlfriends is committed to building and advancing cyber safe communities within the world of HR.
